

Will you be starting a new school/class soon?

Moving Up

We're moving up, to our new school,
It will be so cool.
And our friends are moving up there too.
We're moving up, to our new school.
Our brand new world starts soon,
We're moving up to our new school.

How do you feel about starting a new school/class?

What are you looking forward to?

How will you be getting to and from school?
