

5 Wicked Witches

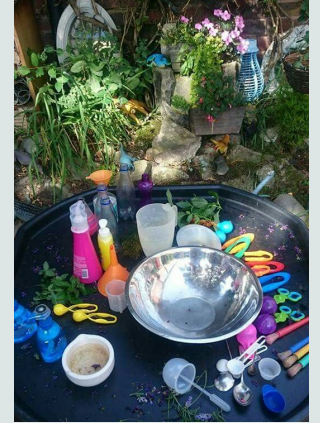

By Nick Cope

Mix a potion for a magic spell.

Try singing the song again, starting from 10 wicked witches!

10

5 wicked witches are making a spell,
5 wicked witches are making a spell.
1 went for a walk, she fell down the well.
She fell down the well, but can you tell me,
How many witches are making a spell?

Make witch hats using paper plates.

Act out the song with wooden spoon witches.
