

Can you make  
your own  
sensory walk?  
You could use,  
water, foam,  
pebbles,  
sand...

Can you make your  
own marble run?

# Running

*Running, running, running, running, running, on the spot  
Running, running, running, running, running, makes me hot,  
Feet go up and feet go down, as I jog along,  
Knees go up and knees go down as I sing this song!*

How fast can you run from  
one spot to another?

*Pulling on the shorts, putting on my t-shirt.  
Got the running pose, so off I go!*

*Fastening my shoes, take a drink of water  
Got the running pose, so off I go!*

Can you  
balance  
something  
on your  
head and  
still run  
fast?
