

Use a cardboard tube
and paint to make a
firework picture

Rockets

Ella Henderson

And no, nobody knows but you
How to make me come alive
And no, my heart explodes
Kaboom, like rockets in the sky.

Make a rocket from
2D shapes by cutting
and sticking

Can you learn the signs for the
pre-chorus too?

3, 2, 1 *Look where we are,
Got me launching to the
stars, oh let's go*

Play glow stick tag with friends and family.
Even better, play it when it's starting to get a
little bit dark outside.
