

Time for Change

Time for change, time for change,
History must be reclaimed
Time for change, time for change,
History will know their names

Time to take definite action
Time to let go of the past
Shape a better tomorrow
For a future that will last

Time to all come together,
Time to take back control
Learn from past mistakes and
To share a common goal

Time for change, time for change,
History must be reclaimed
Time for change, time for change,
History will know their names
